RE/MAX Yosemite Gold

Lodge Style Mountain Home w/ Flair-This one of a kind bi-level home offers a taste of the "wild". The massive river rock fireplace dominates the scene from the grand entry foyer as the white washed wood/beam cathedral ceilings add height and light to the interior. Floor to ceiling windows on 3 sides invite the outdoors in. Main floor master bedroom and 3 guest bedrooms on the lower level-one with a "hidden surprise" behind the bookcase. The game room features a wet bar and door onto the lower deck. Cedar lined closet floors, new kitchen appliances, hardwood floors, recently refreshed exterior woods, metal roof w/leafguard gutters and a central vac system are just a few of the amenities. Add to this the 1+ acre setting on a cul de sac with southern exposure. Owner financing possible to a qualified buyer with reasonable down. (Please don't fall in love with the antler chandelier--it has sentimental value and goes with the seller--)
